Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Roselle Road, Sewer and Storm Repairs Project in Fiscal Year 2024. The entity receive funding for this project is the City of Roselle, located at 210 Chestnut St, Roselle, NJ, 07203. This project will advance the goals of economic development by increasing safe access to public facilities and assisting in the maintenance of deteriorated roadway, sewer and storm networks. This project will also address equitable access and mobility to Borough of Roselle and other related community services, including public education, recreation facilities, public library, business and professional services, and shopping. This is an appropriate use of taxpayer funds because it will improve access to businesses and other public facilities in Roselle.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Donald M. Payne, Jr.
Member of Congress
